Premier Elite 24-W

Texecom
Designed to Perform

RICOCHET

Commercial grade wireless security for residential applications

The Premier Elite 24-W contains a winning combination of Premier Elite control panel architecture and Ricochet mesh network technology.

Ideal for residential applications, the Premier Elite 24-W can accept up to 16 Ricochet-enabled wireless devices and is expandable up to 24 zones in total.

Sharing the same programming and peripheral devices as Texecom's acclaimed Premier Elite Series of control panels, the Premier Elite 24-W brings commercial grade security into the residential marketplace.
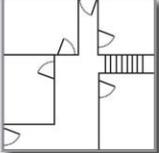

Outstanding features include:

- Expandable to 24 zones
- 2 Areas
- 25 User Codes
- Accepts up to 16 Ricochet Enabled Wireless Devices
- 500 Event Log Time & Date Stamped
- Plug-on Digimodems
